Subject: RE: Aquatic Life Benchmark for Neonics

Jamie,

Pat is in most of the day, with the exception being a meeting she has between 9 and 10 a.m. Let me know when and what number to call you at.

Tim – If you haven't seen this you might want to take a look. Folks here had a call with OPP and OCE, etc. I think we will need to have a conference call with you and perhaps Pat to walk through what we know today. Let me know if you have a time that works and we will try to connect tomorrow.

Jamie,
Just sharing what I found on Wet cake Neonics and pesticides.
